WARRANT FOR ANNUAL TOWN MEETING

State of New Hampshire

GRAFTON, SS.

TOWN OF LYME

To the Inhabitants of the Town of Lyme, New Hampshire,
who are qualified to vote in Town affairs:

You are hereby notified that the annual Town meeting of the Town of Lyme, New Hampshire, will be held at the Laura Barnes School Auditorium on Tuesday, March 10, 1981, at nine o'clock A.M., to act upon the following subjects.

Polls will open for voting by ballot for the election of Town officers at 9:00 A.M. and will close at 6:00 P.M., unless the Town votes to keep the polls open to a later hour. The business meeting will start at 9:00 A.M.

ARTICLE 1. To vote by a non-partisan ballot for the following Town officers:

One Moderator to serve the remainder of the unexpired term to March 1982.

One Selectman to serve for a term of three-years.

One Overseer of the Poor for a term of one-year.

One Road Agent for a term of one-year.

One Trustee of the Trust Funds for a term of three-years.

Three members of the Budget Committee, each for a three-year term.

Four Library Trustees, three for a three-year term and one for a two-year term.

Three members of the Recreation Committee, each for a three-year term.

One member of the Planning Board for a term of three years.

Two Auditors, each for a term of one-year.

One Sexton for a term of one-year.

One Constable for a term of one-year.

And such other Town officers as may be required by law.

ARTICLE 2. To vote on the official ballot as to whether the Town will adopt The Expanded Exemption on Real Estate for the Elderly, as provided in RSA 72:43-b and 72:43-c (Amended 1977, 226:1; 576:3, effective April 1, 1977.) (Inserted by Petition)

ARTICLE 3. To see if the Town is willing to allow the Library Trustees to proceed with the building of a new addition to the Converse Library. None of the cost of construction is to be raised by taxes, but rather through donations from charitable organizations, gifts from individuals and organizations, and Revenue

Sharing funds (see Article 4). (Recommended by the Budget Committee.)

Please note that this article is really a reaffirmation of what was voted in 1974 as Article #9, which read as follows:

"To see if the Town will authorize the Trustees of the Converse Free Library (Lyme Town Library) to spend for an addition to the present building, including usual expenses pertaining thereto, any funds they may collect for that purpose. (By petition)"

- ARTICLE 4. To see if the Town will vote to appropriate and authorize withdrawal from the Revenue Sharing Fund, established under the provisions of the State and Local Assistance Act of 1972 as amended, in the amounts and for the purposes indicated, namely: \$35,000 Library Building Fund, \$10,000 to make the Firehouse and the Highway Garage more energy efficient, \$5,000 for Office Furnishings for the New Town Offices which will occupy the basement of the New Library Wing, \$8,700 for a New Police Cruiser. (Recommended by the Budget Committee.)
- ARTICLE 5. To see if the Town will vote to pay into the Capital Reserve Fund, known as the Bridge Reserve Fund, the sum of \$10,000, and the Capital Reserve Fund, known as the Equipment Reserve Fund, the sum of \$40,000. (Recommended by the Budget Committee.)
- ARTICLE 6. To see if the Town will authorize the Selectmen, as agents of the Town, to expend money from any Capital Reserve Fund for the purposes set forth in the budget, as submitted by the Budget Committee and approved by this Town meeting, namely: Equipment Reserve \$80,000, Bridge Reserve \$10,000, Construction Reserve \$6,000. (Recommended by the Budget Committee.)
- ARTICLE 7. To see if the Town will vote to rescind the previously approved capital expenditure of \$5,000 from Revenue Sharing Funds for the purchase of land to be used in the eventual construction of a municipal building.
- ARTICLE 8. To see if the Town will vote, in accordance with RSA 41:47, to rescind its prior vote to elect by ballot a Constable. (The Town now employs a full-time police officer, designated by the Selectmen as Chief of Police, and thus there is no longer any need for the position of Constable. If the Town so votes to rescind, it will not be effective until the March 1982 Town Meeting. Any Constable elected at this Town Meeting will serve until March 1982.)
- ARTICLE 9. To see if the Town will support public transportation by amending the \$100. line in the Selectmen's and Budget Committee's budget to appropriate \$2,073 for the Upper Valley Senior Citizens' Council, Inc. (Inserted by Petition.)
- ARTICLE 10. To see if the Town will vote to raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations of the same as recommended in the budget by the Budget Committee.

- ARTICLE 11. To see if the Town will vote to authorize the Selectmen to apply for, contract for, and accept from the Federal or State government, or any subdivision thereof, or from private corporations, or individuals, funds, equipment, services, or grants and aid relative to relief from disaster, or for any purpose consistent with public need and benefit, and to authorize the Selectmen to disburse such funds as they deem necessary.
- ARTICLE 12. To hear the reports of Agents, Auditors, or Committees, or other officers heretofore chosen, and to pass any vote relating thereto.
- ARTICLE 13. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of tax revenues, as provided under the Municipal Finance Act, RSA Chapter 33.
- ARTICLE 14. To see if the Town will vote to petition the Representatives and Senator who represent the Town in the General Court to support in the current session of the General Court, the concurrent resolution to amend the State Constitution to limit the annual increase in property taxes to five percent, and to limit the annual increase in spending by the State or any city, town, or other governmental unit of the State, to five percent. (Inserted by Petition.)
- ARTICLE 15. To see if the Town will vote to authorize the Conservation Commission to retain the unexpended portion of its 1980 appropriation, said funds to be placed in a special Conservation Fund, in accordance with RSA 36-A:5.
- ARTICLE 16.. To see if the Town will vote to instruct the Selectmen to notify the citizens annually, through such means as the "Lyme Church News", box-holder mailings, or other public ways, of their appointments to committees, commissions, councils, boards or departments (e.g. home health, conservation, youth, police, fire, health officer, probation officer, etc.). (Inserted by Petition.)
- ARTICLE 17. To see if the Town will vote to instruct the Selectmen to notify the citizens through such means as the "Lyme Church News", box-holder mailings, or other public ways, of vacancies in any town position, whether elected or appointed (such as selectman, conservation committee, etc.) and/or of the creation of a town office (such as a deputy for any existing town office), allowing the citizens a reasonable time to apply for such an opening. (Inserted by Petition.)
- ARTICLE 18. To see if the Town will vote to instruct the Selectmen to notify the citizens annually, through such means as the "Lyme Church News", box-holder mailings or other public ways, of the names of the chairmen of the various town committees, commissions, councils, boards, and departments, and of the days, time and place of meetings of the same, as well as the hours at which the offices of the Selectmen, Town Clerk, Tax Collector, and Library are open. (Inserted by Petition.)

ARTICLE 19. To see if the Town will vote to instruct the Selectmen, Town Clerk, Tax Collector and Library to be open to the public at the stated hours, unless they fall on a legal holiday or notification is given a reasonable time prior to an exception or change. (Inserted by Petition.)

ARTICLE 20. To see if the Town will vote to instruct the Selectmen to inform the public at least once a year, through such means as the "Lyme Church News", box-holder mailings, or other public ways, of matters of general interest to the townspeople, such as voter requirements; filing dates; methods of obtaining absentee ballots; snowmobile, boat and automobile registrations; available tax exemptions and the manner in which they may be requested; places at which legal and courtesy postings of meetings will be made; functions of various committees, commissions, councils, boards, departments, and offices, etc. (Inserted by Petition.)

ARTICLE 21. To transact any other business that may legally be brought before this Town Meeting.

Given under our hands and seals of the Town of Lyme this eleventh day of February 1981.

E. JOHN LOWNES, III

AUDITORS' REPORT

This certifies that we have examined the accounts of the Town Clerk, Tax Collector, Town Treasurer, Selectmen, Trustees of the Trust Funds and Treasurer of the Library for the year 1980 and find them properly maintained and supported by vouchers.

STUART V. SMITH, Auditor

ELLIOT LERNER, Auditor

Date: February 9, 1981

REPORT OF THE HIGHWAY DEPARTMENT

	<u>Budget</u>		
	<u>1980 Budget</u>	<u>1980 Actual</u>	<u>1981 Proposed</u>
Maintenance	\$ 73,300	\$ 71,496	\$ 86,700*
Bridges	17,000	16,377	10,000
Subsidies	27,572	26,246	26,260
TRA	<u>12,000</u>	<u>8,287</u>	<u>8,214</u>
	<u>\$129,872</u>	<u>\$122,406</u>	<u>\$131,174</u>

- *A) 1980 payroll projected for a full-time fourth man plus 13% would mean an increase of \$12,200 over 1980 actual payroll.
- B) A 15% increase in gasoline, diesel, and fuel oil would mean a \$3,000 increase over 1980 actual.
- C) The 1980 actual repair costs included \$4,500 incurred by vandalism and covered by insurance.
- D) The 1981 projected road repair costs (including bridges) include culverts already in stock and paid for.
- E) There will be no bridge rental in 1981, which was in excess of \$1,900 in 1980.

FOREST FIRE WARDEN and STATE FOREST FIRE SERVICE

Forest Fire Prevention: Your Business, Our Business, Good Business.
Forest fire prevention slogans have been seen in association with Smokey Bear since the late nineteen forties, when a national effort to check the spread of forest fires was implemented.

New Hampshire residents recognized that forest fire prevention and suppression was the responsibility of every citizen, a half century before this national campaign, when our legislature established our first forest fire laws in 1903. Since that date, the State has appointed a town/city forest fire warden who is responsible for forest fire law enforcement in his municipality.

All fires kindled out of doors when there is no snow on the ground must be approved in writing by the forest fire warden before being kindled. All forest fires must be suppressed by the warden and his deputies as soon as they are reported. The cost of fire suppression is shared jointly by the town/city and the State of New Hampshire, as are forest fire prevention and forest fire training costs.

This state and local municipality cooperative forest fire program has given New Hampshire one of the best forest fire records in the United States.

Dredge pond			<u>1,500.00</u>
			<u>\$13,000.00</u>

Explanatory Comments

Shortly after the fire at the Lyme Country Store, the Fire Chief met with the Selectmen to discuss the purchase of enough large diameter (4") hose which, if added to that already on hand, would enable the Department to run a 4" line from the pond in back of Nichols Store to any location on the Common. Up to this point we had been buying this hose in small quantities out of a hose budget which ran about \$400 per year. This hose sells for the outlandish price of about \$4.00/ft. It was decided to go ahead and exceed the budgeted amount and buy the necessary hose and related fittings to accomplish the desired objective all at once. It was understood that there would be a budget overrun here. We spent \$3,850 on hose and related fittings in 1980. This expenditure went a long way in helping us over-expend the firefighting equipment portion of our budget by \$3,327.

For several years in the past we have budgeted \$3,000 for payroll. Over the past two years we have chipped away at this figure in an attempt to keep the budget down and we have gotten away with it as we had fewer and/or less expensive fires. The chickens came home to roost this year; not only did we have the store fire, which consumed vast amounts of manpower time, but we have had a very large number of chimney fires, especially in the first part of 1980. Our payroll in 1980 was \$1,120 over budget.

The third place we really got hit was in heating oil. The more fires we have in cold weather (and that's when we get the chimney fires), the more the station doors get opened. Each time the four doors close again, it's a matter of heating an entire new charge of outside air. In addition to this, we have had a spate of cold weather in December of 1980 which resulted in a delivery of oil we had hoped not to receive until the first part of 1981. That's \$500 more. Our heat cost went over budget by \$1,725; this is more than we had originally budgeted! We are asking for \$2,600 this year, which is \$1,000 over the 1980 budget figure, but \$725 less than we actually spent in 1980. This one part of the 1981 budget we are not comfortable with, but perhaps we will get away with it.

You will notice there is no money here for hose - we don't need it at the moment. But the other equipment budget is increased \$500 over last year's figure. Many of the fire coats still in use were purchased about twenty years ago and are coming apart like the one horse shay. We want to buy five new ones at about \$100 each.

This has been a year for meeting the challenges of increasing fuel costs, inadequate space and an expanding school program. We have made some fuel savings by the installation of an electric wall heater in the Selectmen's Office. This makes it unnecessary to heat the entire building when only that office is being used. The library is closed on Sunday, Monday and Friday, to further conserve fuel. The school program has been consolidated into three days a week for the same purpose.

Last summer the library was closed for two weeks while the librarian weeded the adult collection of books no longer needed. These were sold at the flea markets on the Common and some space was opened up for newer books. Books were also contributed to the sale by many townspeople and more than \$500 was raised for the Building Fund. Special thanks go to Harley Greenwood, who loaned his large table for the sales as well as the use of his basement for book storage.

The library continues to be open 17 hours a week for school use. In addition to weekly class visits to select books, research by individuals is done on an unscheduled basis. Library skills are taught starting with Grade 3. The kindergarten and first grade also visit the library once a week. Films are shown at the school as part of the library program. Library Week and Book Week celebrations have included sound film strips of outstanding children's books. Many of the library posters were made by students this year and the winners of the I LOVE TO READ poster contest were on display in the library. The school and the library also collaborated on a special St. Patrick's Day commemoration, featuring reading and research on Ireland. As an extension of their art class, some students are filming an animated movie at the library. The librarian has the training and much of the equipment, and our new building addition will provide the necessary space for more audio-visual production.

The Lyme Nursery School has walked to the library during the warmer days of spring and fall for story hour and book selection. The children's summer program included movies as well as alternative energy workshops led by Chris Brown. We are grateful to the Fire Department, whose loan of a projector enabled us to continue our film showings when the school projectors needed repair.

The services of the library are greatly enhanced by the contribution of many hours of work by volunteers (over 100 hours in the last three months of the year). Processing of new books continues to be skillfully done by Barbara Roby, Sharon Grestorex, Betty Parkhill and Betty Hibler. Jean Smith has organized other volunteers for mending old books. A word of appreciation is due to Eleanor Mudge, who has turned over her book delivery service to shut-ins to Barbara Roby and Grace White.

A glass case on the circulation desk has held some popular exhibits

this fall: miniature rooms by Ruth Bell, part of Robin Merrell's doll collection and antique Christmas cards loaned by Ruth and Polly Whittenmore. Local artist, Trina Hyman, whose book illustrations are a delight to readers, has donated many new books to the library as well as some fine posters. Kitty Holman has provided us with surplus card stock which is very useful for book marks. We want especially to thank David Watson for his care of the building. He wished to retire this year. We miss him and wish him well. Paphn Sithavady is carrying on - often in a cold building. We thank her for her cheerful help. Edythe Watson and Pat Greenwood continue as assistant librarians and also deserve our thanks. The Trustees appreciate the loyalty and service of all these friends of the library and welcome others who would like to help.

During the summer and fall the Trustees held informal meetings with townspeople who have been interested in the library. At our summer Open House we asked for ideas from the community on what the building addition should include. Chris and Matthew Brown made sketches of some ideas. The Peterborough Library loaned us their scrapbook and drawings as they have added to a building similar to ours. In November the Trustees, Selectmen and representatives of the School Board met in an all-day session with Aaron Cohen, a library consultant. He helped us see solutions to our immediate and long-term needs. As 1980 drew to a close it seemed clear that we could and would proceed with plans for constructing an addition in 1981.

The Trustees meet regularly at 7:30 P.M. in the Library on the second Tuesday of each month.

For the Trustees,

ELEANOR C. CRARY, Chairman

ELEANOR M. MUDGE, Treasurer

LYME HOME HEALTH AGENCY

Report of the Board -- 1980

The Agency has continued to further the well-being of the residents of Lyme, thanks to the donation of time and energy by the Board members, professional staff and volunteers. Our Agency nurses made a total of 638 visits, an increase of 10% over 1979. There were 37 visits by the physical therapists. Visits are not denied to residents of Lyme for reason of inability to pay. Partial payments are acceptable to the extent of one's capacity.

In addition to the care of the sick and infirm, the Agency's efforts were directed toward health promotion, education and disease prevention in the following ways:

Well-child clinics were held jointly with the Orford Home Health Agency each month, in alternating sessions in the two towns. The WIC (Women, Infants, and Children) program has been available at these clinics, providing nutrition supplementation and education. A fluoride program, supported by a donation from The Salvation Army, began in December for pre-school children (participants must be seen at the well-child clinic in order to receive the free fluoride). In 1980 there were 155 visits to the clinic. Of these, 50 were children of Lyme from 33 families. There is no charge for examinations, tests or immunizations made by the medical personnel. Mothers are encouraged to bring their pre-school children regularly to assure proper development in early years.

Blood pressure screening clinics continue at the Laura Barnes School on the fourth Thursday of each month, from 4-6 P.M. In addition to the blood pressure screenings, influenza and pneumonia vaccinations, as well as tests for diabetes and anemia, were offered at some of the sessions. This service is open to all adult residents free of charge. The Agency is presently participating in a one-year Grafton County Hypertension Control Drive.

Dental clinics were held with the Orford Agency in July and December. There were 79 visits in 1980.

The Homemaker/Home Health Aide Program has been and will continue to be provided through the Lebanon Area Council for residents over age 65. In 1980 there were 118 homemaker visits, amounting to 172 hours, and 97 Home Health Aide visits, amounting to 117 hours.

The Education Committee arranged a course in cardio-pulmonary resuscitation in which 14 residents of Lyme were enrolled. Of these, 9 went on to complete an advanced course and received certification. Instructors were Aletta and Richard Martz. Also, a standard first-aid course, taught by Robert Morancy, was attended by 18 residents.

Displays and information were provided at clinics on subjects such as Christmas and summer safety, poison prevention, dangers of prenatal caffeine and alcohol absorption, and economy tips for families with infants.

The Agency nurse may be reached on weekdays from 9-12 by calling 795-2661. If she is out, messages may be left for her. Since the Agency

is restricted to following a physician's prescription in the care of the sick or injured, a medical doctor or Fast Squad should be called in case of emergency. The emergency number for the Lyme area is 643-2222.

Agency board meetings are held at 9:30 A.M. on the first Monday of every other month, starting in February.

REPORT OF THE RECREATION COMMITTEE

The Recreation Committee continued to maintain many of the projects started in previous years and the Arnold Pushee Memorial Fund was used to start a basketball court near the beach, which should be finished in the spring and summer of 1981.

The beach opened with three new lifeguards and despite a couple of problems resulting from not having an alumnus among them, the beach was a great success, as always. We received numerous words of praise from the out-of-town people who participated or just came to watch the softball games, of being allowed to use the beach facilities.

The ball field was in constant use and again was host of the Men's Softball League Tournaments. The new road has proven to be the greatest asset in terms of safety and complete relaxation for the spectators.

The summer recreation programs, both day and evening, were again directed by John Fulton, and his enthusiasm has encouraged a large number of youth in the community to participate.

The skating rink is almost finished and received a great deal of use. The pump has been a problem, and together with the period of very cold weather, we were hampered in our efforts to flood it as much as we would have liked to. We were finally blessed with rain and good ice once more.

The ski program started off well after a year with hardly any snow and both children and instructors enjoyed at least three times of skiing before the Ski-Way closed due to lack of snow. Hopefully, there will be a few more days of skiing before they close for the season.

The committee regularly meets every fourth Monday of the month at 7:30 P.M. in the Firehouse. The meetings are open, of course, and anyone interested is surely welcome to attend.

NEAL LACOSS, Chairman

REPORT OF THE CONSERVATION COMMISSION

The Conservation Commission has mainly been concerned with the management of the Sevigny property. The County Forester will make an overall assessment of the timber on the land only if the boundaries are well defined. These may be determined either by going along with the surveys of neighboring properties, or by tracing the deeds back to the original proprietors' grants and then having our own survey made. Since our deed says we have 300 acres and the tax mappers, working on the basis of the neighboring surveys, credit us with only 180, it was decided that as prudent custodians of Town property we would have to get our own survey and find out where the discrepancies are. Milada and John Harlow have volunteered to trace the deeds and hope to be ready for the on-ground survey by late in the spring. They are working with advice from Gordon Tuthill, of Woodstock. The Town is being asked for \$3,500 to pay for the survey.

We have also been concerned with the traditional affairs of the Commission. Green-Up Day was observed by tidying up the roads and roadsides of the town. Two violations of conservation laws were considered and satisfactorily resolved. However, we would really like to be consulted before any bull-dozing, building, timber-cutting or dumping and filling are done, rather than being confronted with violations after the fact. Conservation training for Elementary School teachers was not undertaken this year as there are no teachers who have not already taken the course. Three members of the Commission attended state or regional meetings.

The Conservation Commission meets on the first Monday of the month at 7:30 P.M. at homes of members. All interested citizens are cordially invited to attend.

RUTH DEMAREST, Chairman

YOUTH COUNSELOR COMMITTEE

The youth counseling program in Lyme continues to serve a wide variety of needs of many people, parents and those involved with juvenile court offenses. The committee, working with Ford Daley as counselor, meets the fourth Thursday each month in the Selectmen's office at 7:30 P.M. to discuss the report of the month's activities and to plan ways in which the committee can work on preventive measures to aid him. The counselor files a monthly report of the conferences he has had with young people and parents. These usually involve counseling with six to ten young people each month, as well as a number of parents. During the year over 220 contacts of a professional nature have been made with individuals, while additional time has been spent in meeting with school officials, consulting with police, and in court, in drug education work, working with social workers who serve this area, working out probation problems, investigating drugs (particularly the Mickey Mouse Acid situation) and meeting with the Diversion committee, which works out the sentences imposed on juvenile offenders.

During the spring the committee sponsored a meeting at Barnes School for parents and teachers on drug and alcohol education. Those attending were shown the various types of drug apparatus available to young people in the area. Officers Bill Moore and Mike Berger were most effective in discussing ways that parents and teachers might recognize drug involvement and help young people and parents cope with their problems in constructive ways.

A young people's employment bureau was set up by Ford Daley and Kitty Smith and enabled young people of Lyme and those wanting work done to get together. Plans for the coming year involve an expansion of this activity with an involvement of the PTA and other groups in the community. Young people are in desperate need of jobs and all community persons who have jobs to be done are asked to phone in their needs to Mr. Daley at 5-4490. Young people are screened for their capabilities and prepared for assuming responsibility when jobs are offered to them.

The committee has been investigating the possibilities of setting up a Partners' Program, similar to a very successful one in Windsor, Vt. More details on this program will be available as plans are developed this spring.

The committee is particularly grateful for the contribution of Tal Bacon, as the Selectman representative on the committee over the past few years. The Town of Lyme is particularly fortunate to have someone such as Ford Daley as counselor for he is not only available on a 24-hour basis in the local community but he has an abiding faith in young people and in their ability to grow when given adequate help. Don McCabe capably substituted for Ford during July and August. If any persons are interested in any particular problem related to the committee's work, please call Ford as counsellor, or Bob Wickware as chairman.

LYME PLANNING BOARD

During the past year the Planning Board held twelve regular meetings and a number of special meetings and hearings.

In addition to processing routine subdivision applications, the Planning Board held a public hearing on a major commercial building development, the proposal of the Bay-Son Company to develop a total of 50,000 square feet of office and professional space at 13 Dartmouth College Highway. The development also includes three apartment units (for security) and a restaurant and tavern with seating capacity for 50 people. The development would involve the construction of approximately fifteen buildings in all and would cover an area that is nearly as large as the area of the Lyme Common. The Bay-Son Company has proposed to phase in the development over the next five years. The Planning Board is now analyzing the proposal. A decision will be made by mid-April.

Because of growing development pressures, the Planning Board has been working actively on various land use planning matters, including a draft master plan for the Town. The questionnaire which was recently mailed to all residents will help the Planning Board in this work by helping to determine current thinking about the Town and its growth. We hope to have the results of the questionnaire compiled and analyzed in time to report on them at Town Meeting. The master plan should be ready for public hearing this spring. The goal is to develop a comprehensive plan to help guide the growth of the Town.

One of the principal responsibilities of the Planning Board is the administration of the Town's Subdivision Regulations. A landowner who is considering a subdivision should consult with the Board before making final plans. This will usually simplify the process and make it easier for all concerned. The traditional subdivision is the division of a parcel of land into two or more parcels for sale. The term "subdivision" also includes various types of building development: (1) commercial building development where the parcel being developed is already occupied by a structure, (2) the development of multiple rental units, and (3) the conversion of an existing building into multiple rental units. Please note that the Subdivision Regulations now provide that, except in unusual circumstances, apartment development will not be approved.

The Board meets on the third Tuesday of each month at 7:30 P.M. in the Selectmen's Office in the Library. The meetings are open to the public and all are welcome.

DAVID M. ROBY, Chairman

LYME CENTER ACADEMY BUILDING COMMITTEE

The Lyme Center Academy Building Committee, appointed by the Selectmen after last year's Town meeting, recommends repair and restoration of the Academy building in three phases:

- (1) To bring the building back up to its original good condition externally, continuing its present use.
- (2) To bring the unoccupied second-story interior back up to its original condition.
- (3) To seek conforming uses for the upper-story while the school occupies the lower floor; and to seek some final use for the entire building when and if the school no longer uses it.

At the outset, we understood the building to be in good structural condition (according to a recent engineering report) and that any work needed would be cosmetic. We soon discovered problems that required immediate attention.

The tower was removed and exterminators called in to check the spread of damage from what appeared to be some species of insect. Louis Racicot, Jr., of Manchester, removed the tower methodically so it could be duplicated if the Town so wishes. A temporary cap was put over the floor of the tower platform and the exterior painted down to the roof of the building.

A timber was braced and some flashing installed at the rear of the building's second floor. It had sustained water damage from a faulty chimney/roof connection.

Harry Franklin replaced the sills under the addition.

The building is now in good structural condition. The question to come before the Town this spring is - should the tower be replaced? If so, when?

TOM TUPPER, Chairman

THE NEW HAMPSHIRE MUNICIPAL ASSOCIATION

The New Hampshire Municipal Association has existed since 1957. It is a non-partisan, non-profit organization, whose 223 member cities and towns share a common interest in better local government.

NHMA provides a wide variety of services to its member communities. Among the services provided are: legal services, technical assistance, group insurance programs, personnel services and representation of municipal interests before federal, state, and administrative bodies.

The ultimate goal of these services is to help elected and appointed officials provide more efficient and effective government at the local level. In its representation of municipal interests before the state legislature, one of the primary goals of the Association is preventing excessive property tax burdens being placed on local governments.

NHMA also conducts many workshops and seminars dealing with local needs and problems. These include programs on such topics as municipal liability, welfare administration, assessing, land use and planning law, budgeting and labor relations. The biggest and most important learning opportunity offered by NHMA is its annual meeting. Held every fall, this meeting provides local officials with valuable program sessions designed to give local officials ideas and information they can put to use in their communities for the people they serve.

Further information about NHMA can be obtained from the Board of Selectmen or by contacting NHMA offices at 193 No. Main Street, Concord, N. H. 03301

SCHOOL DISTRICT WARRANT

STATE OF NEW HAMPSHIRE

Grafton SS.

School District of Lyme

To the Inhabitants of the School District of Lyme, in the County of Grafton, and State of New Hampshire, qualified to vote in District affairs:

You are hereby notified to meet at the Auditorium of the Barnes School in Lyme, New Hampshire, on Thursday, March 5, 1981, at 7:30 in the evening, to act on the following subjects:

ARTICLE 1. To hear the reports of Agents, Auditors, Committees, or other officers heretofore chosen, and pass any vote relating thereto.

ARTICLE 2. To see if the District will vote to establish a Capital Reserve Fund pursuant to RSA 35, to be used for the purpose of undertaking energy conservation measures; to raise and appropriate the sum of Twenty Thousand Dollars (\$20,000.00) to be paid into such fund; and to name the School Board as the agent of the District to carry out the objects of the Capital Reserve Fund and to make such expenditures from this Fund from time to time as the Board deems necessary and proper.

ARTICLE 3. To see if the District will vote to request from the New Hampshire State Department of Education a waiver from the requirement to provide a school lunch program.

ARTICLE 4. To see if the District will vote to accept the operational budget for 1981-82, submitted by the Budget Committee, and pass any vote relating thereto.

ARTICLE 5. To see if the District will authorize the School Board to make application for, to receive and spend in the name of the District, such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from federal, state, local or private agencies or persons.

ARTICLE 6. To transact any other business that may legally come before this meeting.

Given under our hands and seals at said Lyme this fifth day of February, 1981.

Mary F. Cornwell
Edith R. Jenks, Chairman
Patricia G. Jenks, Vice-Chairman
Philip H. Johnson, Secretary

SCHOOL BOARD, SCHOOL DISTRICT OF LYME

LYME SCHOOL DISTRICT MEETING

March 6, 1980

Meeting opened by David Washburn, Moderator, at 8 P.M. David mentioned that one of the school board members was not present, Patty Jenks, because she has a new baby.

David read the school warrant. He introduced Hugh Watson, Superintendent of Lyme School District, and Don Campbell, Principal of Lyme School.

ARTICLE I

A motion was made by Margaret Hewes that the reports of Agents, Auditors, Committees, and other officers heretofore chosen be accepted as set forth in the printed report. Seconded by Bob Sanborn. Motion in the affirmative.

ARTICLE II

A motion was made by Clyde Grant to postpone indefinitely Article II,

there being no business to conduct under this article. Seconded by Tony Ryan. Voted in affirmative.

ARTICLE III

Bob Sanborn made motion that the District establish a Capital Reserve Fund pursuant to RSA 35 to be used for the purpose of undertaking energy conservation measures; to raise and appropriate the sum of Twenty Thousand Dollars (\$20,000) to be paid into such fund; and to name the School Board as the agent of the District to carry out the objects of the Capital Reserve Fund, and to make such expenditures from the fund from time to time as the Board deems necessary and proper.

Tony Ryan seconded motion. Motion affirmative.

Mike Woodard explained what RSA 35 is, and the reason for this motion. There is a 50/50 matching fund from the government for energy conservation.

ARTICLE IV

Amelia Greenwood made motion that the District request from the New Hampshire State Department of Education a waiver from the requirement to provide a lunch program. Seconded by Albert Pushee.

There was some discussion about the program and why we have to request the waiver. Motion affirmative.

ARTICLE V

Tony Ryan made motion that the School District accept the operational budget for 1980-81 submitted by the Budget Committee and, further, that the School District raise and appropriate the sum of Five Hundred Twelve Thousand Four Hundred Eighty-Seven Dollars (\$512,487) for this purpose.

Ross McIntyre seconded motion.

Philip Johnson made a presentation of the budget and mentioned why some things were higher and some lower. He said that tuition to high schools will be higher next year. Overall the increase in budget is 3.2%. Motion affirmative.

ARTICLE VI

Barbara Roby made motion that the School District authorize the School Board to make application for, to receive and spend in the name of the School District, such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from federal, state, local, or private agencies or persons. Harry Sanborn seconded motion. Motion affirmative.

ARTICLE VII

Noreen Estes made motion that the School District accept the provisions of Public Law 89-10, designed to improve educational opportunities with particular reference to children of low income families, and to appropriate such funds as may be made available to the School District under said federal act for such particular projects as may be determined by the School Board. Further, she moved that the School District authorize the School Board to make application for such funds and to expend the same for such projects as it may designate.

Tony Ryan seconded. Motion affirmative.

ARTICLE VIII

Steve Crary made motion that the School District accept the provisions

of Public Law 94-142, designed to improve educational opportunities with particular reference to handicapped children, and to appropriate such funds as may be made available to the School District under said federal act for such particular projects as may be determined by the School Board. Further, he moved that the School District authorize the School Board to make application for such funds and to expend the same for such projects as it may designate.

Ron Brown seconded the motion. Motion voted in affirmative.

ARTICLE IX

Harry Franklin made motion this meeting be adjourned. Tony Ryan seconded. Motion affirmative. Adjourned at 9 P.M.

Respectfully submitted,

JEAN E. BOMHOWER, Clerk

SCHOOL DISTRICT OF LYME

March 11, 1980

ARTICLE I

The officers that we elected by ballot at the Town Meeting were:

Moderator	David B. Washburn
Clerk	Jean E. Bomhower
Treasurer	Jean E. Bomhower
School Board Member (3 yrs)	Mary F. Cornwell
School Board Member (3 yrs)	George Wolford
School Board Member (1 yr)	Edith Jenks
Auditors	Stuart V. Smith, Jr. Elliot Lerner

Respectfully submitted,

JEAN E. BOMHOWER, Clerk

AUDITORS' CERTIFICATE

This is to certify that we have examined the books, vouchers, bank statements and other financial records of the Treasurer of the School District of Lyme, of which the above is a true summary for the fiscal year ending June 30, 1980, and find them correct in all respects.

STUART SMITH, Jr.
ELLIOT LERNER, Auditors

The financial statements on the previous pages have been prepared on the accrual basis of accounting, in accordance with generally accepted accounting principles. This method of accounting recognizes accounts receivable and accounts payable as revenue and expense in the year in which earned or incurred rather than the year in which received or paid. The School District's books of account are maintained on the cash basis, in accordance with generally accepted public school practices.

LYME SCHOOL BOARD REPORT

The 1980 school year started with much confusion and lots of work when a new artesian well was needed unexpectedly at the Lyme Center School.

In addition to getting things out there all set up and completed, the School Board spent many long hours discussing the new roof designs for the Plain School. After many meetings and discussions with architect Greg Hemberger, of Banwell, White & Arnold (to whom we extend much thanks for his many ideas and advice), and the Lyme Budget Committee, a satisfactory solution was reached. 1981 should bring us a new pitched roof on the Plain School, resulting in less leaking and heat loss, and without the dangers of the old flat roof. The project should begin as soon as weather permits in the spring, provided the Town votes to approve the additional \$20,000 needed to complete the project.

New additions to the Lyme School staff include:

Vincent Pacilio, Principal, replacing Don Campbell, to whom we say a fond thank you for his many years of giving;

Sharon Field, RN, nurse, replacing Joyce Shepard, RN.

Following a joint meeting with staff and administration, the School Board decided to continue kindergarten and 1st grade instruction at the Lyme Center School.

It was also decided to have two 5th grade teachers for the 1981-82 school year, to accommodate the needs of the large upcoming 5th grade.

Another addition to our growing school system was the formation of a PTA. Meetings are held as regularly as possible once a month, following the election of the co-chairmen, Ken Brusted and Peter Travis. Goals for the PTA include working actively with Mr. Pacilio and the staff regarding new playground equipment and fund raising.

A low point in our 1980 school year was the illness of Clyde Grant. We hadn't realized how much we depended on Clyde and his resources, and his absence certainly made the heart grow fonder! However, Clyde is back now, and we would like to take this opportunity to sincerely thank Glen Buzzell and Dan Randall for helping out so faithfully in Clyde's absence.

A bright point was the receipt of anonymous donations amounting to \$1,200. These monies will be used for enrichment in the school system, as needed.

It was found in reviewing the budget that escalating costs for supplies and materials have overthrown our attempts to keep within our budget. However, we are making every attempt to keep costs at a minimum.

The School Board would again like to acknowledge and thank Hugh Watson, Superintendent of Schools, and Larry Cornell, Assistant Superintendent of Schools, for their continuing efforts to guide us and help us in any way possible. Their unflagging interest and infinite knowledge have been an invaluable asset to us in the past year. We look forward to working with them in the upcoming year.

THE LYME SCHOOL BOARD: EDITH R. JENKS, Chairman
PATRICIA G. JENKS, Vice-Chairman
PHILIP H. JOHNSON, Secretary
MARY F. CORNWELL

GRAFTON COUNTY COMMISSIONERS

To the Citizens of Grafton County:

In an effort to communicate more directly with the taxpaying citizens of Grafton County, we, the Grafton County Commissioners, are writing to you through your individual town or municipal reports.

Due to inflated Nursing Home expenses with somewhat reduced revenues and rapidly increasing costs of welfare reimbursements to the State, our budget year ended very close to the line, with a \$3,620 surplus. Because of the Delegation's decision to use a two-year surplus in one budget year to allow citizens a reduced county tax in FY 1980, the 1981 fiscal year budget resulted in a heavier tax factor making up that decrease as well as offsetting reduced revenues and allowing for standard budget increases.

As with towns, the county welfare assistance programs are increasing and becoming more involved, especially with the current energy crunch and rapidly inflating economy. We also foresee a possible decrease in Federal and State contributions to social service programs which could have considerable impact on local budgets.

The sewage disposal system has progressed slightly, with planning completed and ready to go out for bid. If all goes well, we may be able to submit a final report next year.

The Commissioners worked closely with the Nursing Home Employee Council to set up a wage/benefit package more compatible to the State program for Glencliff employees. The Commissioners hope to work out a job description/wage scale plan for courthouse employees in the near future.

Grafton County is gradually converting from a bookkeeping machine system to a computerized system for all county accounts. Payroll was converted effective January 1, 1980, and vendor payment and receipt programs were recently added. Patient accounts and purchase order programs will be added later. The system is too new for comprehensive comments, but we anticipate constructive changes in the overall accounting and reporting system.

The Commissioners hold their regular meeting every Monday (except holidays) at 9:30 A.M. in the Commissioners' Office of the Grafton County Courthouse, followed by a second meeting at the Grafton County Nursing Home Complex at 1:00 P.M., which regularly includes visits to farm and jail facilities. Public and press are welcome, and, in fact, are encouraged to attend the meetings.

RICHARD L. BRADLEY, Chairman
DOROTHY CAMPION, Clerk
ARTHUR E. SNELL
